

Asphalt Recycling Workshop

February 14th, 2012

Ramada Park Place Hotel & Conference Center

240 Brownlow Ave

Dartmouth, NS B3B 1X6

8:00am 12:00pm

THE WORKSHOP

Attendees will be introduced to the concept of full and partial depth recycling. A focus will be given to project selection, design considerations, application of best practices, case studies, troubleshooting tips, state of the practice and developments in recycling equipment technology.

THE SPEAKERS

Salman Bhutta

Dr. Bhutta is the Manager of the Pavement Materials Group with EXP (the new identity of Trow Associates Inc.). In his current capacity with EXP, Dr. Bhutta assists contractors, producers and owners in implementing new technologies and processes in their day to day activities. Dr. Bhutta is heavily involved in the areas of cold-in-place recycling, expanded asphalt, forensic engineering, high performance hot mix asphalt design and testing. Dr. Bhutta previously was employed as Engineering Manager with the Miller-McAsphalt Group; dealing with the development of a wide variety of new material processes including hot mix asphalt, waterproofing membranes, polymer modified asphalt and sealants and the implementation of their applications in the field. Dr. Bhutta graduated with a Masters and Ph.D., in Civil Materials from Virginia Polytechnic Institute and State University in 1998.

Pierre Turcotte

A native of Montreal, Mr. Turcotte holds a Degree in Mechanical Engineering from McGill University. Mr. Turcotte has spent much of his career in heavy equipment sales, focused primarily in the field of road maintenance equipment, surface mills, recyclers, pulverizers, asphalt pavers and compactors. Mr. Turcotte is presently employed with Wirtgen Group, providing product support to the Wirtgen, Vogele, Hamm and Kleemann family of products.
