

# **INTRODUCTION TO WARM MIX ASPHALT**

**WEDNESDAY, FEBRUARY 24, 2010**

**SCOTIABANK AUDITORIUM**

**MARION McCAIN ARTS & SOCIAL SCIENCES BLDG**

**DALHOUSIE UNIVERSITY**

## THE SEMINAR

Attendees will be introduced to the concept of warm mix technology. The various warm mix processes will be reviewed. Best practices on the application of warm mix technology will be discussed along with a review of field performance.

## THE SPEAKER

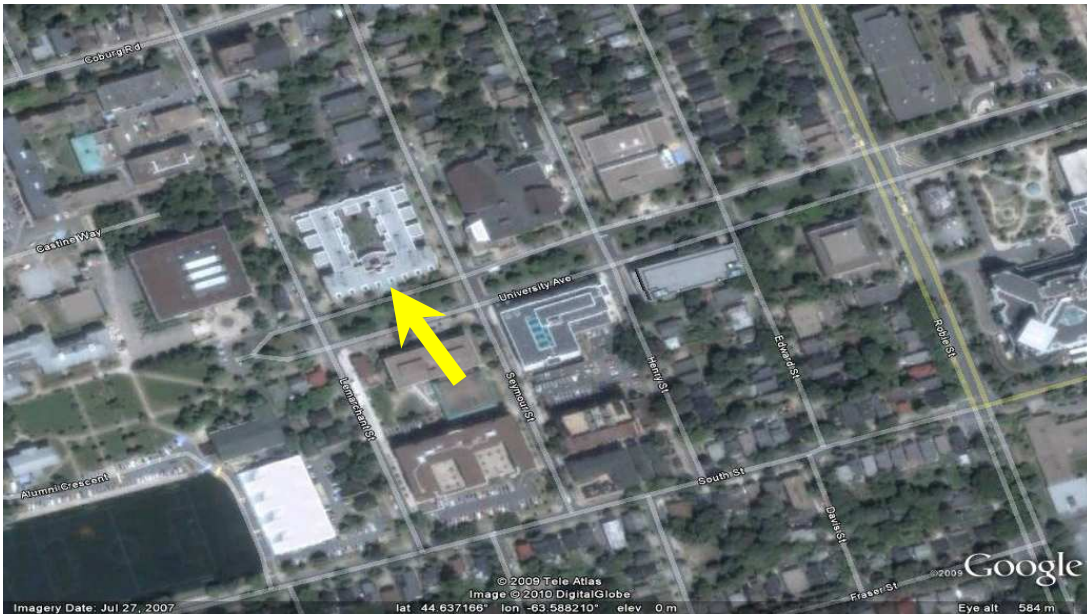

Mr. Brian Prowell is Principal Engineer with Advanced Materials Services (AMS). Prior to joining AMS, Brian was the Assistant Director of the National Center for Asphalt Technology (NCAT) and Senior Research Assistant for the Virginia DOT. Brian was the report facilitator for the FHWA International Scan Tour on Warm Mix. He prepared the NAPA best practices Manual on Warm Mix and is a subcontractor to NCAT on the NCHRP Project 9-47A on field performance of Warm Mix.
